General Alphabetical Index

VOLUME 185 JAN.—JUNE 1976

A

ADVERTISING

(SEE ALSO PUBLIC RELATIONS)

EEI undertakes $400,000 TV & print media ad campaign telling that electricity is still a good buy June 15..... 20
NJ PUC investigates advertising by public utilities Jan 1..... 11
North Carolina consumerists charge Utilities Commission with violating state laws by allowing utilities to recoup advertising costs from customers Jan 1. 15
The people have a right to know (banning utility advertising) Apr 1..... 7

AIR CONDITIONING

Georgia Co-op orders 10,000 radio control units to control air conditioners Feb 15 13

AIR POLLUTION

SEE ENVIRONMENTAL

APPLIANCES

Assn of Home Appliance Manufacturers reports shipments of home appliances for 1975 were off 24% compared to 1974 Feb 15..... 15
Assn of Home Appliance Manufacturers reports manufacturers shipped more major appliances in March '76 than in any month since Oct '74 May 15..... 13
FEA/EPRI survey to determine specific energy consumption of 10 major electric appliances in 16 US cities Mar 1..... 18

ASSOCIATIONS

American Gas Assn: Automotive & Mobile Equipment committee transportation meeting to exhibit equipment Apr 1... 47
American Nuclear Society: Urges members to oppose vigorously any action such as California initiative regarding nuclear expansion Feb 1..... 31
Assn of Home Appliance Mfrs: More major appliances shipped in Mar '76 than in any month since Oct '74 May 15..... 13

Reports shipments of home appliances for 1975 off 24% compared to 1974 Feb 15..... 15
Atomic Industrial Forum: Cites nuclear generation's contribution in '75 as $2-billion saving Apr 15..... 34
Edison Electric Institute: AGA distribution conference exhibits mobile equipment and construction builders stress cost cutting June 15..... 104

Asks for investigation of EPA's SO_2 data Apr 1..... 13

Concludes that nuclear power will be more economical than coal-fired generation at least till 1990 May 1..... 9

58th semiannual electric power survey shows heavy-equipment production still sluggish Apr 1..... 56

Issues joint policy statement calling for government action to alleviate restraints on development and use of coal Apr 15..... 31

Issues utility-advertising status report May 15..... 117

Paper presented at T&D committee meeting discusses pole foundation design Feb 15. 45

Publishes report on equipment availability for 1965-74 period Jan 15..... 15

Says $3.8-billion in rate increases involving 195 utilities are pending as of Mar 31 June 1..... 14

Spells out five imperatives to avert dangerous energy shortages Feb 1..... 13

Study concludes nuclear-fuel supply problems are manageable through 1985 Apr 15. 19

Survey shows a swing from natural gas to oil over next 10 years June 15..... 17

Transportation committee meeting exhibits equipment Apr 1..... 47

Undertakes a TV and print media ad campaign telling that electricity is still a good buy June 15..... 20
Financial Executives Institute: Recent study shows utility companies are at bottom of pile when it comes to paychecks for top executives Jan 15..... 61
Institute of Electrical & Electronics Engrs: Power Engineering Society's Winter annual meeting: Nuclear risk coefficients discussed Mar 1..... 31

Power Engineering Society winter meeting: Papers stress both lab and field tests Mar 1..... 38

Power Engineering Society winter meeting: Project measures audible noise of transmission lines Mar 1..... 24

Power Engineering Society winter meeting: System planners weigh new studies Mar 1. 42

Power Engineering Society winter meeting: Tesla tribute is highlight of meeting Mar 1 24
National Academy of Sciences: Holds open forum: The citizen and the expert Feb 15. 21

National Assn of Regulatory & Utility Commissioners: NARUC petitions NRC to recognize full authority over offsite power line sitings from N-plants Jan 15.. 16

Study: Measurement of electric utility efficiency is fine-tuned Jan 15..... 19

NARUC/EEI/EPRI: Seven utilities selected for rate design study June 15..... 17

NARUC survey shows electricity costs are leveling off but climbing slightly in Midwest & West May 15..... 11

National Bureau of Standards: Acting director Dr Ernest Ambler, says the Metric Conversion Act will affect every US citizen Feb 1..... 16
National Coal Assn: Issues joint policy statement with EEI calling for government action to alleviate restraints on development and use of coal Apr 15..... 31

Sees increase in coal production and demand going on May 15..... 14
National Electrical Manufacturers Assn: Survey of power equipment requirements of the US electric utility industry sees growth loss as permanent May 15..... 147
National Rural Electric Cooperative Assn: 34th annual meeting Mar 1..... 22
National Society of Professional Engineers: Urges members to oppose vigorously any action such as California initiative regarding nuclear expansion Feb 1..... 31
Northwest Electric Light & Power Assn: Annual meeting told electrical industry needs a single voice June 1..... 20
Pacific Coast Electrical Assn: Engineering & operating section meeting presents paper investigating thermal ratings of overloaded lines May 1..... 34

Meeting hears Sargent & Lundy air its views on how system reserve margins impact on reliability May 1..... 48
Pennsylvania Electric Assn: Annual meeting: Paper outlines use of computer at PP&L in helping restore service when storms occur or when a major piece of equipment fails Feb 1..... 34

Paper discusses Westinghouse Electric relay system Feb 1..... 40
Southeastern Electric Exchange: Prepares new guidelines for arrester testing Apr 15..... 52

AWARDS

IEEE: Power Engineering Society's winter meeting: Tesla tribute is highlight of meeting..... 24

B

BATTERIES

(SEE GENERATION--NON CONVENTIONAL)

BOILERS

Axial fan at Southwestern Electric Power Co's Welsh Unit 1 tested against conditions for six simulated boiler-resistance lines Jan 1. 44
Babcock & Wilcox's Diamond Power Specialty Corp's microprocessors control soot blowers for three northwestern utilities Apr 15... 45
COMBUSTION OPTIMIZATION SPECIAL REPORT: Proper sizing of furnace is most important item in design of fossil fired steam generators June 15..... 49
Kidder-Peabody & Co survey shows fossil sales fall to record low Apr 15..... 38
Louisiana P&L to install electromagnetic filters to purify blowdown water Mar 15... 89

BOOKS

Commonwealth Edison's Gordon Corey authors a 14-page chapter in the "Chief Executives Handbook" Mar 15..... 155

C

CABLES

Arizona PS uses trailer for cable splicing Jan 1..... 48
Con Edison forced-cooled existing cables to boost rating, saves over 20% Mar 15..... 120
Dallas P&L explores cable-loading concept Jan 15..... 36
Turntable eases damaged reel cable respooling Apr 15..... 54
Univ of Ill. studying an electrical field that pulls changed oil molecules through underground cable May 15..... 11
Waltz Mill test facility completes tests proving viability of a prototype termination for vacuum-insulated 138 kv cryogenic cable June 1..... 36

CAPACITORS

Engineers Forum: Impedance prevents capacitor inrush surges June 1..... 40
McGraw Edison makes detailed study of all-film, 200-kvar, 7,200-v capacitor tank Apr 15..... 49
Substitute found for PCBs in capacitors Jan 1..... 56

CAPACITY ADDITIONS

STATISTICAL REPORT: Capability: Electric power industry capability 1976 and beyond, Mw (table) Mar 15..... 55

Capability: Future electric generating capability additions by regions, Mw (table) Mar 15..... 56

Installed capacity of utility generating plants by states and types Mar 15..... 59

Capability: New capability additions reported to Electrical World, Mw (tables) Mar 15..... 55

COMPUTER

Computer analyzes turbine blade failure May 1 26
Long Island Lighting uses computer to upgrade stree light records May 1..... 38
Pacific G&E's Tesla substation uses computer to cut fault detection time Feb 1..... 40
Pennsylvania P&L recognizes importance of computer to distribution Feb 1..... 34
Potomac Electric Power control center: Prevention of electromatic interference to its energy control computer functions was a major consideration in design Feb 15..... 48
Southern Indiana G&E detect, spray computer room fire in 5 sec Apr 1..... 34

CONDENSERS

Jersey Central P&L replaces condenser tubes at Oyster Creek plant with titanium at a cost of $5-million Feb 1..... 13

CONDUCTORS

Customized line dampers reduce aeolian vibration Mar 15..... 108
Houston L&P: wind-induced oscillations of transmission-line conductor cause fatigue of wire stranding and damage to towers--Systematic program to prevent further harm underway Feb 1..... 32
Tailor conductor thermal ratings to need May 1..... 34

CONSERVATION

Administration reverses policy and give conservation top priority May 15..... 11
Conservation receives top administration priority, according to ERDA June 1..... 19
Electric Research Assn Ltd publishes a checklist of measures for improving energy utilization Feb 15..... 106
Energy Policy & Conservation Act could have significant effect on electric industry as long-range conservation portions of the act began to take effect over next 5-10 yr Feb 1..... 21
FEA presses its Utilities Conservation Workshop Action Now program with regional workshop meetings in 10 cities Jan 15..... 22
Georgia Power & US Dept of HUD plan joint experimental program to show owners of existing homes they can cut heating and cooling needs in half June 1..... 14
Massachusetts Electric reports that energy conservation has lowered average consumer's monthly bill by $1 in Dec Feb 1..... 20
Potomac Edison's mobile display van tells residential conservation story Jan 15..... 52
Two California utilities share cost of aerial survey of thermal adequacy of customers' buildings Mar 15..... 23

CONSTRUCTION

Babcock & Wilcox and Burns & Roe get contract for 1,000-kw MHD plant sponsored by ERDA Jan 15..... 16
Florida P&L;s St Lucie 2 nuclear plant gets construction recommendation May 1..... 11
Georgia Power to resume preliminary construction on two 1,100-Mw units at Vogtle nuclear plant June 15..... 32
Hungary seeks foreign investments for $1.5-billion expansion of its G&Y system Apr 1. 16
Kaiparowits coal-fired plant has delay in construction waiting for construction permit from Interior Dept Feb 1..... 15
Large coal fired plants in Utah, British Columbia put aside May 15..... 26
New York PSC refuses to reconsider order delaying construction of a 163-mile 765-kv transmission line between Ft Covington and Marcy, NY Apr 15..... 19
Pacific P&L and Idaho Power begin construction of fourth 500-Mw coal fired unit at Jim Bridges plant June 1..... 13
STATISTICAL REPORT: Construction: 1976 new lines and substations energized (tables) Mar 15..... 52-53

Construction: T&D spending turns around Mar 15..... 49

Union Electric receives construction permits for Callaway plant May 15..... 34
Vibratory plow streamlines park-lighting construction job in St Louis Jan 1..... 48

CONSUMERISM

Consumer advocate funded by contributions "checked" on utility bills is proposed in NY legislature and may appear on Nov ballot in Ohio Apr 15..... 21
National Consumer Information Center demands lifeline rates for poor and greater public participation in electric power matters with funding for a public counsel intervenor by FPC Feb 15..... 22
NRECA president gives hardhitting speech at annual meeting against environmental activists Mar 15..... 83
North Carolina politicians join consumers to hit regulators Mar 15..... 34
Pennsylvania utilities must get PUC permission for disconnects for nonpayment Mar 1..... 18

CONTROLS

Pacific G&E field trial of remote control and alarm system reduces circuit outage time Apr 1..... 39

CONTROL CENTERS

COMBUSTION OPTIMIZATION SPECIAL REPORT by John Graham June 15..... 57

Direct digital control systems function on large steam stations; utilities increase reliance on computerized controls June 15.. 57
Potomac Electric Power control center: Prevention of electromatic interference to its energy control computer functions was a major consideration in design Feb 15..... 48

COOLING TOWERS

Cooling tower wastewater recycler tested at two southwestern generating plants May 15..... 63
North Carolina Dept of Natural & Economic Resources sides with Carolina P&L against EPA and NRC in a dispute over cooling towers at Brunswick nuclear plant Feb 15.. 13

COOPERATIVES

National Rural Electric Cooperative Assn--34th annual meeting Mar 1..... 22

STATISTICAL REPORT: Co-ops: Capacity spurts 10.4%, sales up 4.1% Mar 15 67

Co-ops: Statistics of REA-financed systems for calendar years 1973, 1974, and 1975 Mar 15 67

CORPORATE CHANGES

British government recommends CEGB, the Electricity Council and 12 area boards to be combined into single body Feb 1 13
Congressman Mike McCormack says GE engineers resignations were planned 1 year in advance Apr 15... 34
Detroit Edison will sell 20% interest in its Enrico Fermi plant to Northern Michigan Electric & Wolverine Electric Cooperatives June 15.. 17
Enserch Corp agrees to buy Ebasco Services for $58-million from Halliburton Co June 1 11
FPC Chairman Richard Dunham accepts two key resignations Feb 1 16
Gould Inc acquires I-T-E Imperial stock after two years effort May 15 13
JCAE appoints Rep George E. Brown member June 15... 34
NJ PUC presses PSE&G to take over Rockland Electric customers in NJ Mar 15 25
Portland GE forms corporation to loan money to local government agencies called Energy Projects Housing & Community Development Mar 1 11
Reddy Kilowatt changes its name to Reddy Communications Feb 15 16
San Diego G&E changes top management May 15 131

CORROSION

Epoxy coatings control condenser corrosion May 15... 62

D

DISTRIBUTION

Dallas P&L field employees report service equipment in need of repair to ease M&R chores Jan 15.. 42
EPRI coordinates planning research May 15 66
EPRI has 17 active projects in distribution research and four others in negotiation stages Feb 1 35
Substation battery maintenance procedures May 15.... 69

DISTRIBUTION--OVERHEAD

Cast coil transformers mount a new challenge Mar 15. 164
Central Iowa Power Coop uses new metering system to reduce costs May 1 36
Connecticut L&P videotapes recloser/sectionalizer operating procedures May 1 40
ERDA distribution research promises long range benefits Jan 15 40
Engineers Forum: Correcting inductive interference problems June 15 76
Impedance prevents capacitor inrush surges June 1. 40
Georgia Power's distribution system troubleshooting operations streamlined by on site inspection and analysis of blown fuses Feb 1 38
Indiana & Michigan Electric develops method to obtain gas samples from EHV station transformers May 15 72
IEEE Power Engineering Society winter meeting: Papers stress both lab and field tests Mar 1 38
McGraw-Edison makes detailed study of all-film 200 kvar 7200 v capacitor tank Apr 15 49
Metropolitan Edison Co: Phantom burden for CT testing is easily set June 1 42
New tests assure distribution arrester quality Apr 15 52
Pacific G&E's field trial of remote control and alarm system reduces circuit outage time Apr 1.... 39
Pennsylvania P&L recognizes importance of computer to distribution Feb 1 34
RTE Corp starts field tests of insulating fluids to replace PCBs Mar 15 23

Should surge arrester standards be changed? Engineers Forum Jan 15 41
STATISTICAL REPORT:
Capital expenditures: 1975 & 1976 new expenditures for lines and substations (thousands of dollars) Mar 15 50-51
Construction: 1976 new lines and substations energized Mar 15 53
Construction: 1975 new lines and substations energized Mar 15 52
Construction: T&D spending turns around Mar 15.... 49

DISTRIBUTION--UNDERGROUND

Baltimore G&E and Kearney organize and conduct test program to evaluate practicality of using CL fuses to limit energy of arcing faults in oil of pad-mounted transformers Mar 1 34
Collapsible cart for long-run UG cable work Apr.1.... 47
Columbus & Southern Ohio Electric uses plastic skirts to protect porcelain potheads Apr 15..... 54
Dallas P&L explores new cable loading concept Jan 15 36
Engineers Forum: What causes elbow connector sticking? Mar 15 105
ERDA distribution research promises long range benefits Jan 15 40

GE uses transient network analyzer for ferroresonant overvoltage studies on multitransformer underground distribution system June 15... 74
IEEE Power Engineering Society winter meeting: Papers stress both lab and field tests Mar 1 38
Kansas P&L uses mobile track mounted hoisting machine to ease transformer changeout Feb 15..... 64
Lead coated grounds beat corrosion June 15 92
STATISTICAL REPORT:

Construction: 1976 new lines and substations energized Mar 15 52-53
Capital expenditures: 1975 & 1976 new expenditures for lines and substations (thousands of dollars) Mar 15 51
Construction: T&D spending turns around Mar 15.. 49
Turntable eases damaged reel cable respooling Apr 15 54
Union Electric Co converts overhead distribution lines to underground in conjunction with municipal street widening projects Feb 15 42
Waltz Mill test facility completes tests proving viability of a prototype termination for vacuum insulated 138 kv cryogenic cable June 1 36
What causes elbow connector sticking? Engineers' Forum Apr 1 40

E

ECONOMICS

Georgia Power Co graphics reveal optimum generation mix Apr 1 44

EDITORIALS

A penny saved is a penny earned... or is it? Feb 15 5
Breeder is vital to any energy policy May 15 7
California girds for a watershed vote Jan 15 5
Don't tread on me June 15 5
Next time, pick up a rock May 1 5
Opening shot in initiative battle is a loud one May 1 5
Plan now for an energy shortage Jan 1 5
The people have a right to know: banning utility advertising Apr 1 7
Time to return to basics Apr 15 7
Top standards call for top management Feb 1. 5
Utility finances on the rebound Mar 15 7
What if...? Winter peak survey June 1 5

EDUCATION

How to bring yourself up to date June 15.... 123

EMPLOYEE TRAINING & WELFARE

Connecticut L&P videotapes recloser/sectionalizing operating procedures in its ongoing training program May 1.... 40
Consumers Power trains workers on mockup of steam generator for testing of nuclear steam tubes Feb 1 30

ENERGY MARKETING

Arkansas P&L: A customer's view of the heat pump Mar 1 46
Assn of Home Appliance Mfrs reports shipments of home appliances for 1975 were off 24% compared to 1974 Feb 15 15
Automatic dimming saves energy, dollars May 15 116
California department store reduces total electric load for lighting and air conditioning through use of fewer fixtures and metal halide lamps Feb 1 45
Commonwealth Edison files limited solar-assisted electric space heating rate May 1. 12
Con Edison charges off almost $50-million in bad debts, re-examines credit management May 1 52
Duncan Electric new rates/metering approach proposed Apr 1 48
EEI's Conservation & Energy Management Div annual meeting highlights load management and efficient energy utilization programs June 15 114
EEI issues utility-advertising status report May 15 117
Energy Utilization Systems Inc formed Jan 15 13
ERDA funds contract for design optimization of a new kind of lamp reported to be twice as efficient as incandescent Mar 15 25
FEA proposes plan to involve consumers in program and policymaking Jan 1 15
Georgia Power plans to hand deliver bills to 400,000 customers Apr 15 22
Georgia Power & US Dept of HUD plan joint experimental program to show owners of existing homes they can cut heating and cooling needs in half June 1 14
Iowa PS makes results of aerial heat loss study available to customers Apr 15 22
Lighting design focuses on visibility Feb 15.. 76
Massachusetts Electric Co reports that energy conservation has lowered average consumer's monthly bill by $1 in Dec Feb 1 20
Mississippi P&L markets heat pump aggressively Jan 1 46
Pennsylvania Electric finds residential load rescheduling pays off Feb 1 45
Pennsylvania Electric reviews budget bills for electric-heat customers who run 10% or more above budget Feb 1 15
Philadelphia Electric relights the "crown of lights" atop its building Feb 1 16
Potomac Edison puts energy-conservation display on road Jan 15 52
Rail yard uses HPS lamps for many needs Mar 1 47
Southern Services' studies show that lifeline rates would benefit a significant percentage of non-low-income families Mar 15 140
STATISTICAL REPORT: Sales: kwhr sales up 2.1%; revenues 22.4% Mar 15 62
Uncollectible accounts move up sharply June 1 46
US Dept of HUD awards $400,000 grant for modular integrated utility system June 15... 19
Utilities push super-efficient house Apr 15... 76

ENGINEERS

What is an engineering manager? Pt I Feb 15 91
Pt II Mar 1 48

ENGINEERS' FORUM

Correcting inductive interference problems June 15 76
Impedance prevents capacitor inrush surges June 1 40
Load-forecasting techniques evolve to meet need Feb 1 36
Pt II Feb 15 47
Should surge arrester standards be changed? Jan 15 41
Substation battery maintenace May 15 69
What causes elbow connector sticking? Mar 15. 105
Pt II Apr 1 40

ENVIRONMENTAL

Environmental lobby takes aim at 12 targets May 15 26
McGraw-Hill survey of pollution control expenditures June 15 9

ENVIRONMENTAL--AIR POLLUTION

Clean Air Act will raise electric bills in central areas of US, according to NERA survey May 15 11
COMBUSTION OPTIMIZATION SPECIAL REPORT by John Graham: EPA regulations limiting amount of NO_x emissions from boilers have had dramatic effect on combustion technology June 15 53
Controversey mounting over SO_2 regulations Mar 15 31
EEI asks for investigation of EPA's SO_2 data Apr 1 13
EPA's Russell Train defends "CHESS" study May 1 11

Japan's Chubu Electric Power Co installs denitrification equipment on two gas-fired units at its Chita plant Jan 15 15
Kaiparowits generating plant dropped by utility group May 1 9
NERA's Dr Louis J. Perl says benefits of national air quality legislation do not outweigh costs June 15 20
NPPD gets permission to violate air quality rules until March at its Sheldon plant Jan 15 15
NJ Senate told nuclear plants will minimize air pollution Apr 15 34
Pennsylvania Power waste slurry system at Bruce Mansfield plant June 1 32
Pennsylvania P&L baghouse filter solves flyash problem Jan 15 70
Research-Cottrell carries out gas-flow model studies to optimize precipitator design Apr 15 93
Sierra Club loses another round in its fight to halt construction of NPPD's 650 Mw coal-fired Gerald Gentleman plant Mar 1 17
Study gives interesting conclusions concerning cost of pollution controls for coal-fired utilities May 1 7
Tougher NO_x rules expected: EPRI sponsors seminar Mar 15 32

ENVIRONMENTAL--NOISE POLLUTION

ASTM's task force on community noise prepares bibliography to assist groups writing specifications Jan 1 16
Houston L&P uses silencers to hush station equipment May 1 60
IEEE: Power Engineering Society's winter meeting: Project measures audible noise of transmission lines Mar 1 24

ENVIRONMENTAL--NUCLEAR

EPRI's Chauncey Starr speaks out on New York City's annual nuclear wastes as minimal Jan 1 40
ERDA prepares report on waste-management alternatives Jan 1 40
Florida P&L and Fla. Dept of Environmental Regulation disagree on whether state or federal government has jurisdiction in setting radiological standards for nuclear plants Mar 15... 25
Florida PSC blames state's Dept of Environmental Regulation for nuclear delays that waste consumer dollars Jan 15 15
Iowa Commerce Comm. & Iowa P&L disagree on whether state or federal government has jurisdiction in setting radiological standards for Nuclear plants Mar 15 26
NRC study concludes that nuclear parks could pose some unique environmental problems Jan 15 24
Westinghouse is prepared to build a recycled fuel fabrication plant as part of ERDA demonstration program June 15 34

ENVIRONMENTAL--PLANT SITING

California Coastal Zoning Plan gaining momentum Jan 1 24
Energy parks could create problems Mar 1 23
NRC takes middle-road course on nuclear energy centers Feb 15 15
Maryland pioneers state siting problem Apr 1.. 30
Offsite powerline sitings from N-plants escalates as an issue as NARUC petitions NRC to recognize full authority over matters by state and local authorities Jan 15 16

ENVIRONMENT--WASTE DISPOSAL

EPRI's Chauncey Starr claims New York City's annual wastes are minimal Jan 1 40
ERDA's budget confirms its policy decision to use bedded salt for terminal waste storage and to seek several burial sites instead of concentrating on one Mar 15 83
ERDA prepares report on waste management alternatives Jan 1 40
Energy Resources Council presents conclusion of radwaste-program status report before JCAE June 15 34
EPA voices optimism for an early and responsible radwaste-disposal program Apr 15 34
EPA says burning waste as fuel for utility plants will become feasible after test facilities prove themselves Apr 15 32
49 electric utilities studying burning municipal wastes for generation May 1 9
IEEE: Power Engineering Society's winter meeting: Nuclear risk coefficients discussed Mar 1 31
PCB substitute found for use in capacitors Jan 1 56
Wisconsin PS will sell flyash for concrete construction May 15 14

ENVIRONMENTAL--WASTE UTILIZATION

Flyash: Can it be used to grow crops? Feb 1... 22
International Ash Utilization Symposium reports US sale of slyash reached a record 9.8 million tons in '75 May 1 23

ENVIRONMENTAL--WATER POLLUTION

AEP leads group of utilities to sue EPA on water pollution regulations Jan 1 13
Calspan Corp develops new infrared method for aerial mapping of water surface temperatures Apr 15 21
Con Edison argues with NRC over necessity of cooling towers at Indian Point Apr 1 29
Electrical industry self-policies PCB use June 15 131
EPA battles utilities on water quality rules Jan 15 22
Kaiparowits coal fired plant: Environmentalists say the plant and adjoining deep mine would pollute the Colorado River Feb 1 15
Louisiana P&L to install electromagnetic filters to purify blowdown water Mar 15 89
NJ Supreme Court ruling frees Jersey Central P&L from paying damages assessed by Dept of Environmental Protection for fish killed off Oyster Creek nuclear plant Feb 15 24
NC Dept of Natural & Economic Resources sides with Carolina P&L against EPA and NRC in a dispute over cooling towers at Brunswick nuclear plant Feb 15 13
RTE starts field tests of insulating fluids to replace PCBs Mar 15 23
San Juan generating plant uses brine concentration system for disposal of cooling tower blowdown Feb 1 57

F

FEDERAL AGENCIES

EEI asks for investigation of EPA's SO_2 data Apr 1 13
EPRI/FEA survey to determine specific energy consumption of 10 major electric appliances in 16 US cities Mar 1 18
EPRI has 17 active projects in distribution research and four others in negotiation stage Feb 1 35
ERDA asks architect-engineering firms for design proposals on a contingency basis for enrichment facility to be added to its Portsmouth (Ohio) gaseous-diffusion plant Feb 15.. 24
ERDA distribution research promises long range benefits Jan 15 40
ERDA officials reveal in budget discussions they are committed to the LMFBR Mar 15 83
ERDA prepares comprehensive report on waste management alternatives Jan 1 40
ERDA realigns its nuclear energy programs by forming two new divisions from its old Div of Reactor R&D Feb 1 31
ERDA's wind turbine slated to produce 60 kw Mar 1 32
FEA awards contract to Center of Energy Studies at Univ of Texas for evaluation of potential impacts of nuclear power on Calif. and neighboring states Jan 15 24
FEA's new director of nuclear affairs defends his new position to Ralph Nader Jan 15 24
FEA proposes guidelines for states to follow to qualify for federal funds to develop energy conservation plans under the Energy Policy & Conservation Act Mar 1 17
FEA proposes plan to involve consumers in program and policymaking Jan 1 15
FEA receives petition from professional chemical societies urging its members to oppose any action such as California initiative regarding nuclear expansion Feb 1 31
FPC authorizes PASNY to build 36.6 miles of overhead 345 kv line Mar 1 17
FPC chairman Richard Dunham accepts two key resignations Feb 1 16
FPC gets two new top executives Mar 1 15
FPC hears debate on proposal to include construction-work in program in a utility rate base Apr 1 13
FPC says 60 US electric utilities increased retail rates an average of 10% during third quarter of 1975 Mar 1 11
FPC sees reserve at 45.4%, decreasing in future Jan 15 47
NRC chairman William Anders nominated to be Ambassador of Norway Apr 15 34
NRC issues one operating license and construction permits for seven units Feb 1. 31
NRC takes middle road course on nuclear energy centers Feb 15 14
Stop Nuclear Power Group asks NJ Superior Court to forbid licensing by NRC Feb 13.. 13
US Commerce Dept estimates utilities will spend about 18% more for new plant and equipment in 1976 than they did last year Mar 1 11
US Commerce Dept report: Outlook brightens for utility equipment suppliers Mar 1 52

FINANCIAL

A penny saved is a penny earned... or is it? Feb 15 5
Arizona PS files with Arizona Corp. Comm. for permission to begin experimental time-of-use residential rates June 1 9
BC Hydro floats bonds in Mideast again Jan 15 7
Can the US fund its energy industry? Apr 1.. 51
Con Edison charges off almost $50-million in bad debts, re-examines credit management May 1 52
Con Edison raises quarter dividend Feb 15. 15
Delmarva P&L must refund to customers $400,000 obtained through misunderstanding about accounting methods orders Delaware PSC Mar 1 11
Detroit Edison will sell 20% interest in its Enrico Fermi plant to Northern Michigan Electric and Wolverine Electric Cooperatives June 15 17
Employee Stock Ownership Plan: A way to raise capital Jan 15 7
Energy outlays may rise 30.4% in federal budget Mar 1 21
Environment: Who are biggest spenders--McGraw-Hill survey of pollution-control expenditures June 15 9
FPC hears debate on proposal to include construction-work in progress in a utility rate base Apr 1 13
FPC says 60 US electric utilities increased retail rates an average of 10% during third quarter of 1975 Mar 1 11
Florida PSC votes 2:1 to require electric utilities to give delinquent customers up to 30 days to pay extra deposit to keep their service from being disconnected June 1 9
How big is a utility executive's paycheck? Jan 15 61
How to cut insurance costs Jan 1 51
Maryland House of Delegates kills bill that proposed lower residential than non-residential gas and electricity rates Apr 15.. 13
McGraw-Hill Dept of Economics survey: Business has great expectations June 1 49
McGraw-Hill Dept of Economics survey claims profits will rise sharply in '76 Apr 15... 79
McGraw-Hill survey of corporate profit trends shows that electric utilities expect pretax profit to rise 15% in '76 Apr 1 15
Missouri PSC cuts Union Electric rate increase Feb 1 15
Money crunch gets tighter: Part I Mar 15 .. 13
Part II Apr 1 9
National Rural Electric Cooperative Assn. 34th annual meeting Mar 1 22
NJ special study group rejects concept of a state power authority Mar 1 15
NC voters approve a bond question involving utilities that opens the way for industrial expansion May 1 7
Nuclear initiative's financial impact May 15 9
Omaha PPD: Six top execs are excluded from pay hikes Mar 1 18
Oregon PUC commissioner says need of utilities to attract investment capital is least understood aspect of revenue requirements by the public Jan 15 7
Oregon wants to make itself a utility June 1 9

Pennsylvania PUC demands full disclosure of 69 managerial salaries during Philadelphia Electric rate hearings Feb 1 9
Philadelphia Electric's cost cutting ideas saved $860,000 last year May 1 12
Portland GE forms corporation to loan money to local government agencies called Energy Projects Housing & Community Development May 1 11
Potomac Edison files application with SEC to permit it to exchange assets with West Penn Power Jan 1 13
Salomon Bros report flurry of bond-rating deflations in 1973 and 1974 has slowed significantly and there is steady improvement in industry's ability to cover interest costs Feb 1 9
SEC plans substantial revision to regulation dealing with stockholder proposals June 1 11

STATISTICAL REPORT Mar 15 39-70
Canada: Canadian utilities continue to show strong growth Mar 15 68
Capability: Nuclear tops 10% of total generation Mar 15 54
Capability: New capability additions, Mw Mar 15 55
Capability: Electric power industry capability 1976 and beyond, Mw Mar 15 55
Capability: Future electric generating capability additions by regions, Mw Mar 15 56
Capability: 81 large generating units to be built by joint participation Mar 15 .. 57
Capital expenditures: 1976 capital expenditures show significant jump over last year Mar 15 43
Capital expenditures by region: East North Central region holds lead Mar 15 45
Capital expenditures: 1975 electric utility capital spending (thousands of dollars) Mar 15 46
Capital expenditures: 1975 new expenditures for lines and substations (thousands of dollars) Mar 15 51
Capital expenditures: 1976 electric utility capital spending (thousands of dollars) Mar 15 47
Capital expenditures: 1976 new expenditures for lines and substations (thousands of dollars) Mar 15 51
Construction: 1975 new lines and substations energized Mar 15 52
Construction: 1976 new lines and substations energized Mar 15 53
Construction: T&D spending turns around Mar 15 49
Co-ops: Capacity spurts 10.4%, sales up 4.1% Mar 15 67
Co-ops: Statistics of REA-financed systems for calendar years 1973, 1974, and 1975 Mar 15 67
Installed capacity of utility generating plants by states and type Mar 15 59
Investor-owned electric utilities combined balance sheets (millions of dollars) Mar 15 66
Maintenance: Repair costs reach $3.3-billion Mar 15 60
Maintenance: Electric plant maintenance (thousands of dollars) Mar 15 61
Sales: Increase in sales, higher rates help restore industry's financial health Mar 15 64
Sales: kwhr sales up 2.1%; revenues 22.4% Mar 15 62
US economy well on way to recovery, should accelerate as year progresses Mar 15 40

Survey profiles chief financial officers of electric utilities May 1 55
Uncollectible atcounts move up sharply June 1 46
US Commerce Dept estimates utilities will spend about 18% more for new plant and equipment in 1976 than they did last year Mar 1 11
US to face capital crisis during 1977-80 Apr 15 13
Utah P&L forms stockholder committee to intervene in rate cases Feb 15 15
Utility finances on the rebound Mar 15 7
Vepco is refused permission to cut off US Coast Guard station's electric power June 1 9

FLYASH

South Carolina Public Service Authority's Jeffries steam station meets state particulate emission regulations with chemical treatment of steam boiler stack gases Jan 15 32
Wisconsin PS says it will sell flyash for concrete construction May 15 14

FORECASTING

A look to the future: Utilities are optimistic Feb 15 19
Engineers' Forum: Load-forecasting techniques evolve to meet need Feb 1 36
Engineers' Forum: Load-forecasting techniques evolve to meet need Pt II Feb 1 47
US Commerce Dept estimates utilities will spend about 18% more for new plant and equipment in 1976 than they did last year Mar 1 11
US Commerce Dept report: Outlook brightens for utility equipment suppliers Mar 1 52

FOREIGN

AFRICA: At least 6 sets of major fission reactions operated underground some 1.8-billion years ago in what is now the Republic of Gabon, West Africa June 15 34
GE seeks to export two 966-Mw BWRs to the Electricity Supply Commission in Johannesburg, S. Africa June 15 34
CANADA: Alberta utilities scrape through demand surge after arctic front sent temperatures down to -40F Feb 1 13
BC Hydro floats bonds in Mideast again Jan 15 7
BC Hydro seeks federal and provincial approval for 2,700 Mw project Apr 15 21
National Energy Bd approves export of power to Minnesota Apr 1 15
Canadian utilities continue to show strong growth (Statistical Report) Mar 15 68
Ontario Hydro installs cassettes to store frequency for post-fault analysis Apr 1 38
CHINA: Hong Kong L&P began service on world's largest short circuit limiting coupling 132-kv network Mar 1 17
ENGLAND: British government considers new management structure for power industry in wake of independent committee report Feb 1 13
HUNGARY: Seeks foreign investments for $1.5-billion expansion of its G&T system Apr 1. 16
JAPAN: Chubu Electric Power installs denitrification equipment on two gas-fired units at its Chita Plant Jan 15 15
Japan's nuclear generation is expected to top fossil-fired generation by 1990 Apr 15 22
Japanese utilities discuss rate hikes before a Parliamentary committee June 15 20
SOUTH AMERICA: Antitrusters allow massive joint bid for S.A. hydro project June 1. 13
RUSSIA: Soviet Weekly salutes Novovoronezh atomic power station Mar 1 27

FUEL

Arkansas P&L will lease fuel from Razorback nuclear properties May 1 32
Baltimore G&E testing 7,000 tons of coal from Poland to meet FEA edict on oil-to-coal conversion at its Crane plant Mar 1. 15
Central P&L to build fuel gasification plant at La Palma generating plant Apr 15 21

COAL:

Boston College gets grant to study feasibility of coal mining in New England Mar 15 25
Coal and nuclear power--alternatives to petroleum during next 10 years--are expected to fall short of Project Independence estimates made by FEA in 1974 Feb 1 21
Coal-mine projects in five Rocky Mountain and Great Plains states delayed by litigation and other problems Jan 1 13
Detroit Edison: River dredged for coal superfreighters near St Clair power plant Mar 1 32
Dravo Corp introduces hybrid reclaimer for coal handling at American Mining Congress Coal Show May 15 103
Future technologies that will use coal to produce electricity require pollution controls Mar 15 84
Illinois appears to be hotbed of coal gasification and liquefaction Jan 1 23
MHD plant sponsored by ERDA expected to produce 50% more energy from a ton of coal than a conventional T-G steam plant Jan 15 16
National Coal Assn's Carl Bagge is ever alert for signs of a crack in the bastion he sees as restricting coal production Apr 15 31
National Coal Assn seeks increase in coal production and demand already going on May 15 14
Nebraska battles over coal slurry pipeline Jan 15 15
Nebraska legislature committee pigeonholes coal slurry pipeline bill Feb 15 .. 16
Nuclear vs coal: Utilities weigh economics Jan 1 21
Public Service E&G agrees to buy coal property in Utah June 15 19
Panel convened by US Dept of Commerce submits findings in response to urgent need to use coal to meet nation's energy requirements while meeting SO_x emission standards Jan 15 20
Pennsylvania legislature investigates breaches of contracts by coal companies Apr 1 15
Pennsylvania P&L takes over Oneida Mining Co because of default on coal contract Apr 1 15
Solvent refined coal pilot plant starts up near Tacoma, Wash. June 1 11
Texas Utilities Service to buy coal rights in New Mexico June 15 19
US ends four year moratorium on federal coal leases Feb 15 15
COMBUSTION OPTIMIZATION SPECIAL REPORT by John Graham: Fuel switching has predominant influence on utility industry during past 15 years June 15 44
EEI study concludes nuclear-fuel supply problems are manageable through 1985 Apr 15 ... 19
ERDA asks architect-engineering firms for design proposals on a contingency basis for enrichment facility to be added to its Portsmouth (Ohio) gaseous-diffusion plant Feb 15 24
Fuel performance data base demonstrates capability Feb 1 26

GAS:

Cuts continue in utilities gas use Apr 1 .. 24

NUCLEAR

Kissinger testifies in favor of Nuclear Fuel Assurance Act Mar 15 83
STATISTICAL REPORT: Capability: Nuclear tops 10% of total generation Mar 15 54
Consumption of coal, oil, gas in generation plants Mar 15 54

URANIUM:

Exxon Nuclear Co files to build and operate a $15-million laser facility at Richland, Wash Apr 1 16
GE plans to take over Utah International, a major US mining company Jan 15 15
Stockpiled uranium tails have enormous energy potential but only if used in breeder reactors Jan 15 24
EEI survey shows a swing from natural gas to oil over next ten years June 15 12
US Interior Dept adopts new rules that open strip mining in West June 1 11

FUELS OUTLOOK

Increasing coal traffic from west takes toll on Burlington Northern RR; ERDA reports that first large plant to convert coal to oil and gas to be built near Belleville, Ill; Final section of pipe welded into place on Interstate Energy Co oil pipeline Jan 1..... 43
Methacoal made from crushed coal suspended in methanol requires 80% less water than needed for coal-water slurry Jan 15..... 31
New coal-slurry transport concept developed by Keller Corp called Methacoal process Feb 1.....w... 29
Interior Dept proposes new regulations; Coastal States Marketing Inc signs 33-month contract with LADWP; Research project sponsored by PS Co of Oklahoma; drilling method used for underground coal mining; American coal industry has record-breaking production year; Carl E. Bagge says funds for demonstration plant for coal liquefaction process must be restored to next year's federal budget Feb 14 32
Commonwealth Edison picks up $20-million option to purchase 100-200 million tons of coal reserves in Wyoming; Northern States Power also has coal reserves in mind Mar 1..... 30
AEP hopes $7-million overhaul has brought an end to design and structural problems for Big Muskie Mar 15..... 88
Solar power will be used for space heating and cooling at proposed nuclear plant of San Diego G&E Apr 1..... 33
Coal slurry pipelines versus hauling coal by rail Apr 15..... 44
Part II May 1..... 27
EPRI releases 32-page study concluding coal and nuclear power are most realistic and economical alternatives to depleting oil and gas supplies; Study of Coal Prices available from Executive office of the President Council on Wage & Price Stability May 15..... 61
Frost & Sullivan report on fossil-fueled plants; ERDA estimates US uranium reserves recoverable at $30/lb; request to abandon natural gas deliveries to 5 electric utilities by Kansas-Nebraska Natural Gas Co denied by FPC; use of 100-ton unit trains to haul western coal may cost a lot more than indicated; slower rate of increase in coal prices and continued savings from utility-owned coal mines and fleet trains reported to Pa. PUC by Pennsylvania P&L June 1..... 31

G

GENERATION--COMBUSTION TURBINE

Carolina P&L gas turbine facility (Darlington County) responds reliably Jan 1..... 41

GENERATION--HYDRO

Antitrusters allow massive bid for South American hydro project June 1..... 13
BC Hydro seeks federal and provincial approval for 2,700-Mw hydro project Apr 15..... 21
FPC law judge okays raising Seattle's Ross Dam by 121 ft to boost generation Mar 15.... 26
Hydro's potential should be exploited Feb 15.. 28
Nebraska Public Power District gets okay to build 1,300 Mw Gerald Gentleman plant near a hydro project Apr 15..... 19
North Carolina moves again to stop Blue Ridge pumped storage project June 1..... 13
Potential hydro power in Yukon discussed at Northern Resources C onference Jan 1..... 15
Two Washington PUDs take steps to fight Pacific P&L's renewal of its operating license for Merwin Dam Mar 15..... 23
US Appeals Court affirms FPC license for Appalachian Power's New River pumped storage project in Virginia Apr 15..... 21

GENERATION--NON CONVENTIONAL

Apollo Chemical Corp develops chemotherapy (chemical treatment) for use in S.C. Public Service Authority Jefferies Plant to meet state regulations for particulate emissions Jan 15 32
Appalachian Power to sue EPA on water pollution regulations Jan 1 13
Appalachian Power: North Carolina moves to stop Appalachian Power's Blue Ridge pumped storage project June 1 13
Arabian American Oil Co: 325 mile 230-kv transmission line to be built for Aramco in Saudi Arabia Jan 1 15
Arizona Public Service: Cable splicing trailer used at APS Jan 1 48
Files with Arizona Corp. Committee for permission to begin experimental time-of-use residential rates June 1 9
Get commission okay to charge customers export tax levied on electricity it obtains from New Mexico Feb 1 16
Regulatory lag forces year's delay in construction of Kaiparowits coal-fired plant Feb 1 15
Supreme Court refuses to review New Mexico tax on sale of power out of state June 15 17
Warns of retaliation unless federal legislation stops taxes on power generated in one state and sold to another Apr 15 22
Withdraws from Kaiparowits generating plant May 1 9
Arkansas P&L: A customer's view of the heat pump Mar 1 46
Pushes energy efficient house design Apr 15 76
Utilities with nuclear units manufactured by B&W meet annually to discuss plant performance June 1 28
Will lease fuel from Razorback Nuclear Properties May 1 32
Asplundh Manufacturing Div: Construction-equipment builders stress cost cutting at AGA-EEI Distribution Conference June 15 104
Auburn Machine Works continues to upgrade mobile equipment Jan 15 50
Avco Corp: Exxon Nuclear Co and Avco file for joint venture to build and operate a $15-million laser facility at Richland, Wash Apr 1 16

B

Babcock & Wilcox: B&W & Burns & Roe get contract for 1,000 kw MHD plant sponsored by ERDA Jan 15 16
B&W to join Westinghouse in evaluating repowering of conventional steam power plant without replacing boiler under terms of EPRI contract Feb 15 16
To manufacture electromagnetic filters to purify blowdown water Mar 15 89
Utilities with nuclear units manufactured by B&W meet annually to discuss plant performance June 1 28
Baltimore G&E: Estimates it would cost local industries $90-million in added costs and cutbacks in production and employment when Maryland House committee backs lifeline rate legislations Apr 1 13
Estimates if rate bill was enacted it would cost local industries $90-million in added utility costs Apr 15 13
Proper fusing controls pressure Mar 1 34
Says Calvert Hill has halved its fuel adjustment charge and saved customers $6-million/month June 15 34
Testing 7,000 tons of coal from Poland to meet FEA edict on oil to coal conversion at Its Crane plant Mar 1 15
Bankers Trust Co: Can the US fund its energy industries? Apr 1 51
Basin Electric Power Co-op: Uses microprocessors to control soot blowers Apr 15 45
Black & Veatch: To design 5-Mw solar thermal test facility for ERDA June 1 54
Boeing Aerospace: Will provide management support on solar equipment installation Mar 15 26
Battelle's Pacific Northwest Laboratories directs study on drilling method used for underground coal mining to pinpoint sources of geothermal power Feb 15 32

BC Hydro seeks federal and provincial approvals for hydro project Apr 15 21
Floats bonds in Mideast again Jan 15 7
46-mi underwater HVDC link between Vancouver Island and mainland progresses to testing of converter bridge Mar 15 23
Buckeye Power Inc saves thousands of dollars by deferring water heater load fewer than 12 times a year Jan 15 46
Burlington Northern Railroad: Increasing coal traffic from West takes its toll on Burlington Northern RR Jan 1 43
Burns & Roe: B&W and B&R get contract for 1,000 kw MHD plant sponsored by ERDA Jan 15 16
Justice Dept allows B&R, GE, Westinghouse and A-C to submit a joint bid for South American hydro project June 1 13
Burns Security Institute report over 300 electric utilities get about 79 bomb threats per year Jan 15 15
Business Strategies & Marketing Intelligence: Customer communications program to defer residential electricity use from the peak to the off-peak period conducted at Pennsylvania P&L Feb 1 44

C

CF&E Steel Corp owns coal reserves in Wyoming Mar 1 30
Calgary Power forced outages cause loss of 450 Mw Feb 1 13
Calspan Corp: Develops new infrared method for aerial mapping of water surface temperatures Apr 15 21
Carolina P&L: EPA and NRC trying to make CPL install cooling towers at its Brunswick plant Mar 1 23
FPC allows Carolina P&L to make new wholesale rate adjustments for nuclear fuel and purchased power Mar 15 26
Investigates possibility of contract meter-reading service involving electricity, gas and water in Raleigh, N.C. Feb 15 13
New legislature expected to help PUC to complete CP&L rate case in less than six months Jan 15 21
NC Dept of Natural & Economic Resources sides with CP&L against EPA and NRC in dispute over cooling towers at Brunswick nuclear plant Feb 15 13
NC PUC denies request to hold night hearings in connection with upcoming rate cases Jan 1. 11
NC PUC orders that CPL will get all of a requested 22% rate hike; trigger politicians to join consumers to hit regulators Mar 15 34
CPL places Darlington gas turbine facility into commercial service Jan 1 41
To sue EPA on water pollution regulations Jan 1 13
Caterpillar Tractor Co upgrades mobile equipment Jan 15 50
Central Electricity Generating Board: British government considers new management structure for power industry which recommends that CEGB, Electricity Council and 12 area boards be combined into a single body Feb 1 13
Central Iowa Power Corp: uses new metering system May 1 36
Central Maine Power: Two bomb blasts damage CMP's headquarters June 1 14
Uses paired cranes to cut aerial lift M&R costs Mar 1 44
Central P&L: To build fuel gasification plant at La Palma generating plant Apr 15 21
Texas Utilities battle over interstate connections June 15 29
Central & Southwest Corp: ERCOT is disjointed following violation by C&SW of a 41 year old contract forbidding interstate transportation of power June 1 11
Wants to break out of ERCOT Apr 1 13
A.B. Chance: Standard augering rig sets luminaire foundation Feb 1 42
Chase Manhattan Bank: Says we cannot afford not to have nuclear June 1 34
Chubu Electric Power Co installs denitrification equipment on its gas-fired units at its Chita Plant Jan 15 15
Ciba-Geigy: Elma Engineering selects C-G's Araldite epoxy resin and hardener as casting system for cast-coil transformers Mar 15. 164
Clemco Inc: Sand blasting pulse-air gun used in condenser tubes May 15 62
Cherokee Coal & Mining Co: Texas Utilities Services to buy coal rights from Santa Fe Industries' Cherokee Coal & Mining Co June 15 19
Cleveland Electric Illuminating: Ohio's Power Siting Commission approves CEI 345 kv line May 15 11
Coal Gasification Group: A consortium of 5 Illinois utilities to respond to a request for a proposal from ERDA on R&D on oil, gas from coal Jan 1 23
Coastal States Marketing Inc signs 33 month contract with LADWP for sale of low sulfur No. 6 fuel oil Feb 15 32
Columbus & Southern Ohio Electric: Uses plastic skirts to protect porcelain potheads Apr 15. 54
Combustion Engineering Inc: Future technologies that will use coal to produce electricity to require pollution controls Mar 15 84
Commonwealth Edison: Gordon Corey authors a 14-page chapter in Chief Executives Handbook Mar 15 155
CE's nuclear plants generated 40% of its total electricity during first two months of '76 May 1 32
Files limited solar assisted electric space heating rate May 1 11
NRC issues construction permits to CE for Byron and Braidwood stations Feb 1 31
CE on coal acquisition Mar 1 30
CE to sue EPA on water pollution regulations Jan 1 13
Connecticut L&P: Videotapes recloser/sectionalizer operating procedures May 1 40
Consolidated Edison Co of NY: Charged off almost $50-million in bad debts, re-examines credit management May 1 52
Force-cools existing cables to boostrating, saves over 30% Mar 15 120
NRC issues operating licence to PASNY for Indian Point 3 unit recently sold by Con Edison Feb 1 31
Pollard calls for shutdown of Indian Point Mar 1 27
Pollard's behavior called unconscionable and nonprofessional Apr 1 29
Con Edison raises quarter dividend Feb 15 15
Con Edison request for rate increase cut Feb 1 9
Consumers Power Co: Build mockup of steam generator to test nuclear steam tubes Feb 1 30
Michigan PSC orders inverted rates for Consumers Power May 1 9
Suspends four employees who refused to work at Palisades plant because they claimed plant was unsafe Apr 15 19
Continental Oil Co: Looking into the Methacoal process as an advisor Feb 1 29
Cormorant Corp: A wholly owned subsidiary of Northern States Power, formed to look to coal reserve development Mar 1 30

D

Dallas P&L: Employees report service equipment in need of repair as routine function of daily responsibilities Jan 15 42
Explore new cable loading concept Jan 15 36

Davis Manufacturing Co: Construction equipment builders stress cost cutting at AGA-EEI Distribution Conference June 15..... 104
Delaware PS Commission: Adopts consumer bill of rights compiled by Delmarva P&L Jan 15..... 21
Delmarva P&L: Compiles consumer bill of rights which is adopted by Delaware PSC Jan 15..... 21
Must refund to customers $400,000 obtained through misunderstanding about accounting methods, orders Delaware PSC Mar 1..... 11
Detroit Edison Co: Michigan PSC orders inverted rates for DE May 1..... 9
River dredged for coal superfreighters near St Clair power plant Mar 1..... 32
Will sell 20% interest in its Fermi plant to Northern Michigan Electric & Wolverine Electric Cooperatives June 15..... 17
Diamond Power Specialty Corp: Develops microprocessor control system to control soot blowers at 3 northwestern utilities Apr 15. 45
Digz-All Inc: Continues to upgrade equipment Jan 15 51
Ditch Witch: Park lighting job streamlined with Ditch Witch vibratory plow Jan 1..... 48
Continues to upgrade mobile equipment Jan 15 51
Dow Chemical Co: Develops a new insulating fluid for use in capacitors Jan 15..... 40
Develops substitute for PCBs in capacitors Jan 1. 56
Dow Corning: Invents substitute for PCBs in tranformers June 15..... 19
Dravo Corp: Hybrid reclaimer offers functional versatility May 15..... 103
Waste-slurry system used at Pennsylvania Power's Bruce Mansfied plant June 1..... 32
Dravo Lime Co: Signs 20 year contract to supply Pennsylvania Power's Mansfield plant with Thiosorbic lime June 1..... 33
Duke Power: Sues EPA on water pollution regulations Jan 1..... 13
Utilities with nuclear units manufactured by Babcock & Wilcox meet annually to discuss plant performance June 1..... 28
Duncan Electric Co: New rates/metering approach propsed Apr 1..... 48
Duquesne Light: Pennsylvania legislature investigates breaches of contract by coal companies Apr 1 15

E

Ebasco Risk Management Consultants Inc: Insurance company operating results Jan 1..... 51
Ebasco Services Inc: Enserch Corp agrees to buy Ebasco for $58-million June 1..... 11
Epoxy coatings control condenser orrosion May 15. 62
Hydro's potential should be exploited Feb 15 28
lectric Power Research Institute: Chauncey Starr says volume of New York City's annual nuclear wastes would be minimal Jan 1..... 40
EPRI coordinates planning research May 15.. 67
Deeply involved in projects on direct solar heating and cooling June 1..... 54
Study concludes that coal and nuclear power are most realistic and economical alternatives to depleting oil and gas supplies May 15.. 61
Tells NELPA the electrical industry needs a single voice June 1..... 20
Electric Reliability Council of Texas (ERCOT): Texas utilities battle over interstate connections June 15..... 29
Electric Research Assn Ltd: A checklist of measures for improving energy utilization, a report Feb 15..... 106
Elliott Manufacturing Co continues to upgrade mobile equipment Jan 15..... 51
Elma Engineering: Manufactures cast-coil transformers which successfully passes seismic tests Mar 15..... 164
Empire State Power Resources Inc: Conclude that nuclear has negligible risks Jan 1..... 40
Energy Transportation Systems: To build coal slurry pipeline from Wyoming to Arkansas Jan 15 15
Energy Utilization Systems Inc: Outgrowth of Westinghouse Energy Utilization Project Jan 15. 13
Enserch Corp: Agrees to buy Ebasco Services for $58-million from Halliburton Co June 1..... 11
Environmental Elements Co: Houston L&P uses EE's silencers to hush station equipment May 1 60
Eric Knebel & Associates: Develop turntable to ease damaged-reel cable respooling Apr 15.. 54
Esso Research Center: Develop basic process for fuel gasification plant for Central P&L Apr 15. 21
Exxon Nuclear Co: Exxon Nuclear Co and Avco Corp file for joint venture to build and operate a $15-million laser facility at Richland, Wash Apr 1 16

F

Fenwal Corp: Supplier of chemical spray agent used in fire-detecting/suppressing system at Southern Indiana G&E Apr 1..... 34
Ferranti Packard Ltd: Captive nuts ease panel-opening chore Mar 1..... 40
Florida Power Corp: W.M. Cullen, member of SEE's Distribution Committee, works to improve performance of distribution arresters Apr 15... 52
Florida P&L: Florida Municipal Utilities Assn negotiates with FP&L regarding acquisitions June 1. 13
FP&L and Florida Dept of Environmental Regulation disagree on whether state or federal government has jurisdiction in setting radiological standards for nuclear plants Mar 15..... 25
Florida PSC removes its seasonal rates June 15 32
St Lucie 2 nuclear plant gets construction recommendation May 1..... 11
Seeks curbs on city and county clean-air standards May 15..... 13
Sues EPA on water pollution regulations Jan 1 13
Foster Wheeler: Develops process for Central P&L fuel gasification plant Apr 15..... 21
Frost & Sullivan Inc: Survey shows US utilities will make massive shift over next 10 years to construct conventional oil- and coal-fired generating stations June 1..... 31

GAI Consultants Inc: A.M. DiGioia present paper at EEI T&D Committee meeting about pole-foundation design Feb 15..... 45
GEC Switchgear Inc supplies two short circuit limiting couplings to Hong Kong I&P Mar 1.... 17
Generac: Construction equipment builders stress cost cutting at AGA-EEI Distribution Conference June 15 104
General Electric: Data base demonstrates fuel capability Feb 1..... 26
ERDA hires GE to study correlation of distribution transformer loading to BIL Jan 15..... 40
JCAE hearings on 3 former GE employees Mar 15. 23
Justice Dept allows B&R, Westinghouse, A-C, & GE to submit a joint big for S.A. hydro project June 1 13
Plans to take over Utah International, a major US mining company Jan 15..... 15
Safety overrides all nuclear concerns Mar 1. 28
Seeks to export two BWRs to Electricity Supply Comm, Johannesburg, S.Africa June 15... 34
Uses transient network analyzer to study ferroresonance-overvoltage on multitransformer underground distribution system June 15 74
What is an engineering manager? Pt I Feb 15... 91
Pt II Mar 1... 48
Georgia Power: Graphics reveal optimum generation mix Apr 1..... 44
On-site inspection and analysis of blown fuses streamline distribution-system troubleshooting operations Feb 1..... 38
Plans to hand deliver bills Apr 15..... 22
Plans to resume construction of two 1,100 Mw units at Vogtle nuclear plant June 15..... 32
Georgia Power & US Dept of HUD plan joint experimental program to demonstrate to owners of existing homes that they can cut heating and cooling needs in half June 1..... 14
Gibbs & Hill: Designed waste disposal system used at Pennsylvania Power's Bruce Mansfield plant June 1..... 33
Gilbert Associates: Shielding guards against computer EMI Feb 15..... 48
Globe Protection Agency: Vandalism in the US is getting worse Feb 1..... 47
Gould Inc: Acquires I-T-E Imperial stock after two-year effort May 15..... 13
Green Mountain Power Corp: Two of six test rates under study at GMP emerge as feasible for further experimentation June 1.....14
Grove Manufacturing Co: Continues to upgrade mobile equipment Jan 15.....51
Gulf States Utilities: Gives 31% wage increase to workers; end five month IBEW local strike Jan 15... 15

H

Halliburton Co: Enserch Corp agrees to buy Ebasco from Halliburton June 1..... 11
Heidrick & Struggles Inc: Conducts survey profiling chief financial officers of electric utilities May 1 55
Heiner Coal Co: PG&E buy coal property in Utah from Heiner Coal June 15. 19
Hibbing Public Utilities: Uses a hydraulically-operated spade to ease unloading of hopper coal cars Feb 15.....33
Hitachi Ltd develops dry catalytic process for use on Japan's Chubu Electric Power Co gas fired unit at Its Chita plant Jan 15.....15
Hong Kong L&P: Began service on world's largest short circuit limiting coupling 132-kv network Mar 1.....17
Houston L&P: Gets monthly cost-of-service adjustment clause in rate increase May 15.....11
Line vibration damage spurs remedies Feb 1....32
NRC issues construction permit to HL&P for South Texas Project Feb 1.....31
Opposes Central & Southwest Corp move to break out of ERCOT Apr 1..... 13
Reestablishes interconnections after ERCOT splitup June 1..... 11
Uses oil tanks that fold up to ease substation M&R Apr 1.....42
Uses silencers to hust station equipment May 1 60
Houston Natural Gas Corp: Studying feasibility of forming joint venture company with Rio Grand Industries to build and operate Colorado-to-Texas coal slurry pipeline May 1..... 29
Hughes Research Labs: Will design and build an HVDC breaker for commercial operation on Pacific Intertie under terms of EPRI contract Feb 15 13

I

Idaho Power Co: Construction of fourth 500-Mw coal-fired unit starts at Jim Bridger plant June 1..... 13
Illinois Power: To sue EPA on water pollution regulations Jan 1..... 13
Indiana & Michigan Electric: To sue EPA on water pollution regulations Jan 1..... 13
Transformer-gas sampling procedure improved May 15..... 72
Interstate Energy Co: Final section of pipe welded into place on 84-mile IE oil pipeline Jan 1..... 43
Iowa P&L: Court action to determine whether state commission has authority to get involved in the proposed construction of Central Iowa nuclear plant June 1..... 22
Turn back stockholder efforts to ban nuclear plants Apr 1..... 13
Iowa P&L and Iowa CC disagree on whether state or federal government has jurisdiction in setting radiological standard for N-plants Mar 15 26
Iowa PS: Makes results of aerial heat loss study available to customers Apr 15.....22
Island Creek Coal: PG&E to buy coal property in Utah from Island Creek Coal's subsidiary Heiner Coal June 15.....19
I-T-E Imperial: Westinghouse files suit against I-T-E for patent infringement relating to an improved gas insulated transmission line June 1.. 11
Gould acquires I-T-E stock after two-year effort May 15..... 13

J

Jersey Central P&L: Does not have to pay damages for fish killed off its Oyster Creek nuclear plant Feb 15.....24
Replaces condenser tubes at Oyster Creek plant with titanium Feb 1.....13
US Supreme Court bounces JCP&L job discrimination case back to appeals court June 15.....17
Johns-Manville Sales Corp's Holophane Div: Lighting design focuses on visibility Feb 15..... 76
Joy Manufacturing Co's Western Precipitation Div develops baghouse filter system to solve flyash problems Jan 15..... 70

K

Kaiser Aluminum: files suit against US Consumer Product Safety Commission Mar 1.....18
Kansai Electric Power (Japan): Says they will be able to conquer nuclear problems in next few years Apr 15..... 22
Kansas-Nebraska Natural Gas Co: FPC denies request to abandon natural gas deliveries to five electric utilities by Kansas-Nebraska Natural Gas Co June 1.....31
Kansas P&L uses mobile track-mounted hoisting rig to ease transformer changeout Feb 15.....64
Kearney: On-site fuse analysis aids trouble shooting Feb 1..... 38
Proper fusing controls pressure Mar 1..... 34
Keene Corp: Ray Proof Div Shielding guards against computer EMI Feb 15.....48
Keller Corp: Develops Methacoal, a new fluid fuel which provides a feasible environmentally safe answer to the problem of converting from oil to natural gas to alternative fuels Jan 15..... 31
Develops new coal-slurry transport concept--Methacoal Feb 1..... 29
Kentucky Power: To sue EPA on water pollution regulations Jan 1..... 13

Eric Knebel & Associates: Collapsible cart for long-run UG cable work Apr 1..... 47
Kubota Tractor Corp continues to upgrade mobile equipment Jan 15..... 50

L

Arthur D. Little: Claims solar energy is building up a growth industry that could do an estimated $1.3-billion annual business in 10 years June 1..... 59
Re-examine your credit management May 1..... 52
Long Island Lighting Co: Saved its customers nearly $350,000 during March by purchasing nuclear generated electricity May 15..... 34
22-company efficiency and performance study will be kept private as requested by Lilco during its application for a $90-million rate boost Feb 1..... 13
Uses computer to upgrade street light records May 1..... 38
Uses oil tanks that fold up to ease substation M&R Apr 1..... 42
LADWP: Coastal States Marketing Inc signs 33 month contract with LADWP for sale of low sulfur fuel oil Feb 15..... 32
Tells Committee on Resources, Land Use & Energy that potential moratorium would adversely affect city's economic well being by curtailing supply of electricity Jan 1..... 40
Uses battery pack cart to string HV line across road Mar 1..... 44
Utilities say they're ready for earthquakes June 15 22 30
Views on California nuclear plant initiative Feb 15
Louisiana P&L: To install electromagnetic filters to purify blowdown water Mar 15..... 89

Is focus of terrorist action as 15 wooden poles are found sawed part way through Mar 15.. 25
Man killed in bomb blast at PG&E hydro plant switchyard June 1 14
Share cost of aerial survey of thermal adequacy of customers buildings with SMUD Mar 15. 23
Tesla substation uses computer to cut fault detection time Feb 1..... 40
To provide utility viewpoint guidance and operating data to Westinghouse & B&W on evaluation of repowering of conventional steam power plant without replacing boiler under terms of EPRI contract Feb 15..... 16
Pacific P&L: Construction of fourth 500-Mw coal fired unit starts at Jim Bridger plant June 1 13
Two Washington PUDs take steps to fight PP&L's renewal of its operating license for Merwin Dam Mar 15..... 23
Ralph M. Parsons: Has $5-million contract to provide engineering services for ERDA's MHD Component Development & Integration Facility June 1 13
Penn Engineering & Manufacturing Corp: Captive nuts ease panel opening chore Mar 1..... 40
Pennsylvania Electric: A proposal to build a remote energy park Mar 1..... 23
Mechanic develops trailer 'electro-checker Apr 15 57
Pennsylvania legislature investigates breaches of contract by coal companies Apr 1..... 15
Residential load rescheduling pays off Feb 1. 44
Review budget bills for electric heat customers who run 10% or more above budget.. Feb 1.. 15
To file off peak rate schedule Jan 1..... 15
TLT/Babcock axial fan test stand used to test Penelec/NY State E&G Homer City Unit 3 FD and primary air fans Jan 1..... 45
Uses wooden horseshoe for quick placement of pole top preservative caps June 15..... 80
Pennsylvania Power Co: Bruce Mansfield Plant stack emission system is supported by waste-slurry system June 1..... 32
Pennsylvania P&L: A proposal to build a remote energy part Mar 1..... 23
Files report with PUC which reflects a slower rate of increase in coal prices and continued savings from utility owned coal mines and fleet trains June 1..... 31
Final section of pipe welded into place on 84-mile oil pipeline which will supply low sulfur fuel oil to two new generating units at PP&L's Martins Creek plant Jan 1.... 43
Pennsylvania legislature investigates breaches of contracts by coal companies Apr 1 15
PP&L takes over Oneida Mining Co because of default on coal contract Apr 1..... 15
Recognizes importance of computer to distribution Feb 1..... 34
Solves flyash problem with baghouse filter system Jan 15..... 70
Philadelphia Electric: A proposal to build a remote energy park Mar 1..... 23
Develops a relay to prevent false fault-alarm June 15..... 80
Employee is first women certified in US to operate a commercial nuclear power facility Apr 15 34
Pennsylvania legislature investigates breaches of contract by coal companies Apr 1.....15
Pennsylvania PUC demands a full disclosure of 69 managerial salaries during rate hearings Feb 1..... 9
Relights the crown of lights atop its building in honor of bicentennial Feb 1..... 16
Two cost cutting ideas saved PE $860,000 last year May 1..... 12
Pinkerton Inc: Utilities are increasing plant security due to rising tide of vandalism and pilferage Feb 1.....47
Pittsburg & Midway Coal Mining: Operates solvent refined coal pilot plant June 1.....11
Portland General Electric: Forms corporation to loan money to local government agencies called Energy Projects Housing & Community Development Mar 1.....11
NRC issues operating license for PGE's Trojan plant Jan 1..... 40
To shutdown Trojan plant after it is brought to 100% capacity Apr 15.....19
Trojan nuclear plant generated electricity in December and claims to be world's largest single operating nuclear reactor Feb 1.. 31
Potomac Edison: Files application with SEC to permit it to exchange assets with West Penn Power Jan 1.....13
Puts energy conservation displays on the road so customers can see and hear how enery can be saved Jan 15. 52
Potomac Electric Power: Control center: Prevention of electromagnetic interference to its energy-control computer functions was a major consideration in design Feb 15..... 48
Turn back stockholder efforts to ban nuclear plants Apr 1..... 13
Uses tubular steel poles on 500-kv transmission line Mar 15.... 105
Power Authority of the State of New York: FPC authorizes it to build 36.6 miles of overhead 345 kv line Mar 1 12
NY PSC reconsiders earlier ban and permits R-O-W clearing by PASNY for 765-kv line between Ft Covington and Marcy,NY May 1... 11
Receives operating license from NRC for Indian Point 3 unit recently sold to it by Con Ed Feb 1 31

Says delay of construction of transmission line between Ft Covington and Marcy, NY, will cost consumers $60 million annually and pose threat of blackouts for New York City Apr 15..... 19
Professional Lease Management Inc: Sponsors conference which highlighted continuing battle over coal slurry pipeline versus hauling coal by rail Apr 15..... 44
Sponsors second annual coal conference May 1..... 29
PS Co of Colorado; New residential demand rate draws fire of solar heating proponents June 15 17
PS Co of New Hampshire: Buys brine concentrator from Resources Conservation Co May 15..... 63
PS Co of New Mexico: Uses brine concentration system for disposal of cooling tower blowdown at its San Juan generating plant Feb 1..... 56
PS Co of Oklahoma: Study to determine whether it can use processed municipal refuse for fuel for electric generation Feb 15..... 32
Public Service E&G of New Jersey: Agrees to buy coal property in Utah June 15..... 19
ERDA selects PSE&G for $9.9-million station using large scale batteries to store electricity Apr 15..... 19
NJ PUC presses PSE&G to take over Rockland Electric customers in New Jersey Mar 15.....25
NJ PUC to hold proceedings to investigate advertising and establishment of lifeline rates for customers Jan 1..... 11
Utilities say they're ready for earthquakes June 15 30

R

RO Products Inc: Construction-equipment builders stress cost cutting at AGA-EEI Distribution Conference June 15..... 104
RTE Corp: has new insulating fluid for capacitors Jan 15..... 40
Starts field tests of insulating fluids to replace PCBs Mar 15..... 23
Rand Corp: Study shows that Socal Edison would have 20% reserve in 1984 without Kaiparowits plant if there is a slight already-planned increase in nuclear power plus moderate conservation Feb 1. 15
Razorback Nuclear Properties: Will lease fuel to Arkansas P&L May 1..... 32
Reach-All Manufacturing & Engineering: Develops two way knuckle drive smoothe overcenter ride Apr 15..... 67
Reddy Kilowatt Inc changes its name to Reddy Communications Feb 15..... 16
Research-Cottrell: Carries out gas-flow model studies to optimize precipitator design Apr 15.....93
Who should erect your precipitator? May 1.....30
Residential Utility Consumer Corp: To be established to represent consumer interest in NY rate cases Apr 15..... 21
Resources Conservation Corp: San Juan generating plant uses RCC's brine concentration system for disposal of cooling-tower blowdown Feb 1..... 56
Waste/cooling-water recycling system used at two southwestern generating stations May 15 63
Rio Grande Industries: Studying feasibility of forming joint venture company with Houston Natural Gas Corp to build and operator Colorado-to-Texas coal slurry pipeline May 1..... 29
JW Robinson Co: Reduces its total electric load for lighting and air conditioning by 40% by using fewer fixtures and metal halide lamps Feb 1. 45
Rochester G&E: Reduces impedance of stepup transformers and improves performance Apr 15. 64
Rockland Electric: NJ PUC presses PSE&G to take over Rockland Electric customers in NJ Mar 15.25
Rucson Logics Ltd: Digital frequency recorders used at Ontario Hydro to store frequency for post-fault analysis Apr 1..... 38

S&C Electric Co: Pad-mounted switchgear terminates both single- and 3-phase circuits at Union Electric Feb 15..... 42
Sacramento Municipal Utility District: Shares cost of aerial survey of thermal adequacy of customers' buildings with Pacific G&E... 23
Utilities with nuclear units manufactured by B&W meet annually to discuss plant performance June 1..... 28
Salomon Brothers: Competition for funds in utility industry will intensify further in the next decade Mar 15..... 13
Report flurry of bondrating deflations in in 1973 and 1974 has slowed significantly and there is steady improvements in industry's ability to cover its interest costs Feb 1..... 9
The money crunch gets tighter: II Apr 1... 9
Salt River Project: Brince concentrators undergoing prepurchase tests at Navajo station Feb 1 56
Supreme Court refuses to review New Mexico tax on sale of power out of state June 15... 17
Uses cooling tower wastewater recycler at Navajo generating station May 15..... 63
San Diego Gas & Electric: Behind the shakeup at San Diego G&E May 15..... 131
Fuels outlook: Solar power to be used for space heating and cooling at proposed power plant Apr 1 33
Regulatory lag forces year's delay in construction of Kaiparowits coal-fired plant Feb 1. 15
Top management shakeup Jan 1..... 15
Views on California initiative Feb 15..... 22
Withdraws from Kaiparowits generating plant May 1 9
Sante Fe Industries: Texas Utilities Service Inc to buy coal rights from Santa Fe Industries June 15 19
Sargent & Lundy: Lead coated grounds beat corrosion June 15..... 92
Think reliability when planning reserve May 1. 48
J.E. Sirrine Co: Carolina P&L;s Darlington County gas turbine facility responds reliably Jan 1..... 41
Slurry Transport Assn: Issues rebuttal to the American railroads efforts to block further development of coal slurry pipeline May 1.. 29
South Carolina Public Service Authority: Jefferies steam plant meets state regulations for particulate emissions by using chemical treatment in steam boiler stack gases Jan 15..... 32
Southern California Edison Co: Announces San Onofre production records for 1975 Feb 15. 24
Before Congressional hearings in Washington on nuclear plant licensing Jan 1..... 40
Has green light to build two combined cycle units at its Coolwater station Mar 1..... 15
Presents papers at PCEA meeting on tailoring conductor thermal ratings to need May 1... 34
PUC staff recommends approval for Socaled's solar program May 15..... 13
Regulatory lag forces year's delay in construction of Kaiparowits coal fired plant Feb 1.. 15
Utilities say they're ready for earthquakes June 15 30
William R. Gould considers California nuclear initiative one of industry's main 1976 problems Feb 15..... 22
Withdraws from Kaiparowits generating plant May 1 9
Southern Connecticut Gas: United Illuminating studies merits of a cooperative meter-reading progr-m with Southern Conn. Gas Feb 1.....15
Southern Indiana Gas & Electric: Detect, spray computer-room fire in five seconds Apr 1.....34
Southern Services Inc: Studies show that lifeline rates would benefit a significant percentage of non low income families Mar 15.....140
Southwestern Electric Power: Mechanical and operation performance tests successfully completed on induced draft variable pitch axial fan at Welsh Unit 1 Jan 1.... 44
Stanley Hydraulics Tools: Construction equipment builders stress cost cutting at AGA-EEI Distribution Conference June 15.... 104
Stelco Inc: Construction equipment builders stress cost cutting at AGA-EEI Distribution Conference June 15..... 104
Stone & Webster: ERDA asks S&W to conduct study regarding tidal power May 15..... 14
Struthers-Dunn Inc: Current alarm relay developed for Philadelphia Electric June 15 80

T

Tampa Electric: Florida PSC removes its seasonal rates June 15..... 32
TLT-Babcock Inc: Performance tests successfully completed on TLT-Babcock axial fan at Swepco's Welsh Unit 1..... 44
Tennessee Valley Authority: TVA varies pole design to reuse existing R-O-W Apr 1... 36
Texas Utilities: TU opposed Central & Southwest Corp's move to break out of ERCOT Apr 1. 13
Reestablishes interconnections after ERCOT split up June 1..... 11
To buy coal rights in New Mexico June 15. 19
Thercoal Co: Texas Utilities to buy coal rights in New Mexico from Cherokee Coal Mining & Thercoal Co June 15..... 19
Towers, Perrin, Foster & Crosby: Report that employee stock ownership plan receives favorable treatment under the Tax Reduction Act of 1976 Jan 15..... 7
Tucson Gas & Electric Co: Buys brine concentrator from Resources Conservation Co May 15. 63
Gets commission okay to charge customers export tax levied on electricity from NM Feb 1 16
Supreme Court refuses to review NM tax on sale of power out of state June 15..... 17
Uses brine concentrator system for disposal of cooling tower blowdown at its San Juan generating station Feb 1..... 56

U

Underground Power Corp: Trial of cryoable terminal completed June 1..... 36
Union Electric Co: Converts overhead distribution lines to underground in conjunction with municipal street widening projects Feb 15..... 42
Missouri PSC cuts UE's rate increase Feb 1. 15
Pres Ford's veto of picketing bill already has effect on UE's negotiations with construction unions in St Louis area Feb 1... 19
Receives construction permits for Callaway plant May 15..... 34
Union Mechling Corp: Will transport lime by barge to Pennsylvani Power's Mansfield plant June 1..... 33
Uniroyal: Polyurethane oil tanks that fold up to ease substation M&R Apr 1.... 42
United Enrichment Associates: Proposes to build nation's first privately owned gaseous diffusion plant May 15..... 34
United Illuminating: Studies merits of a cooperative meter reading program with Southern Connecticut Gas Feb 1..... 15
US Filter Corp's Menardi-Southern Div: Makes Tuflex filter bags for use in baghouse system Jan 15 70
Univ of Miami's School of Marine & Atmospheric Science: Concludes that copper alloy condenser tubing in properly operating plants does not harm seawater environment Jan 15..... 29
Utah International: A major US mining company, to be taken over by General Electric Jan 15. 15
Utah Power & Light: Brine concentrators undergoing prepurchase tests at Huntington plant Feb 1..... 56
Forms stockholder committee to intervene in rate cases Feb 15..... 15
Uses cooling tower wastewater recycler at Huntington generating station May 15. 63

V

Vermeer Manufacturing Co: Construction equipment builders stress cost cutting at AGA-EEI Distribution Conference June 15..... 104
Continues to upgrade mobile equipment Jan 15 51
Virginia Electric & Power Co: Turns back stockholder efforts to ban nuclear plants Apr 1...13
Warns of retaliations unless federal legislation stops taxes on power generated in one state and sold to another Apr 15..... 22

W

Washington Public Power Supply System: NRC issues construction permit for its Nuclear Project 1 Feb 1.. 31
Welsback Electric Corp: Uses Ditch Witch vibratory plow to streamline park lighting job Jan 1.. 48
West Penn Power: Pennsylvania legislature investigates breaches of contract by coal companies Apr 1..... 15
Potomac Edison files application with SEC to permit it to exchange assets with West Penn Jan 1.. 13
West Texas Utilities: Texas utilities battle over interstate connections June 15..... 29
Westinghouse Electric Corp: Central Iowa Power Coop uses Westinghouse metering system to reduce costs May 1..... 36
Computer analyzes turbine blade failure May 1 26
Westinghouse's E.A. Udren presents paper at PEA meeting: Prodar 70 computer relaying system Feb 1..... 40
Electrical industry self policies PCB use June 15.. 131
Files suit against I-T-E Imperial for patent infringement relating to an improved HV gas insulated transmission line June 1..... 11
Forms Energy Utilization Systems Inc Jan 15. 13
Westinghouse and a group of utilities agree to disposition of uranium held by or on order to Westinghouse Mar 1..... 15
To evaluate repowering of conventional steam power paints without replacing boiler under terms of EPRI contract Feb 15..... 16
Is prepared to build a recycled-fuel fabrication plant as part of ERDA demonstration program June 15..... 34
Justice Dept allows Westinghouse, Burns & Roe, Allis-Chalmers, and GE to submit a joint bid for S.A. hydro project June 1..... 13
Wisconsin Electric Power: Asks for automatic rate increase clause for any time of day structure ordered by Wisconsin PSC Feb 15..... 7

Wisconsin P&L: Protects stacking of 345 kv line Jan 15 13
Rate increase approval includes conditional okay for time of day rate schedule Jan 1 13
Uses single shovel tractor/shovel to serve 60-Mw all coal plant Mar 15 133
Wisconsin PS: Will sell flyash for concrete construction May 15 14
Wolverine Electric Corp: Detroit Edison will sell 20% interest in Enrico Fermi plant to Northern Michigan Electric & Wolverine Electric Coops June 15 17
Woodward-Clyde Consultants: 19 month study calls for an environmental assessment of solar-thermal and wind conversion June 1 58
Wyle Laboratories: Tests cast coil transformers manufactured by Elma Engineering Mar 15 164
